Applicants/ Dentist:

We feel that shadowing for the applicant is to experience the dental environment so that they can make an informed decision to the area to which they are seeking education. Lake Norman Dental Assisting School now requires all applicants do 6 hours of observation or "shadowing" in a local dental office before applications can be processed. The applicant can choose any dental specialty office to do a total of 6 hours.

Please fill out our questioner at the bottom of this letter and include the dentist's business card. We thank you for participating in our program's requirements.

Name of applicant _____

Name and Address of dental office: _____
